Property of Business Professionals of America.
May be reproduced only for use in the Business Professionals of America
Workplace Skills Assessment Program competition.

GENERAL INSTRUCTIONS

1. Use the Scantron scoring sheet provided for the objective portion of the test.
2. Make certain this test booklet contains Parts I-II.
3. Key Part II according to the instructions given.
4. Correct any obvious keyboarding errors and incorporate any editing notations.
5. Correct any errors in formatting. Use formatting shown in the *Style & Reference Manual*.
6. For any problem where you would normally key your reference initials, key your contestant number. Your name or initials should *not* appear on any work you submit.
7. Key your contestant number and job number as the footer in the lower left-hand corner of all work submitted unless otherwise specified.

Example: 

8. If you finish before the end of the 60 minutes of testing, notify the proctor. Time may be a factor in determining a winner when there is a tie score.
9. When turning in your materials, place your scoring sheet on top of your jobs. The jobs should be arranged in numerical order.

Production Standards	
0 errors	100 points
1 error	90 points
2 errors	70 points
3 errors	50 points
4+ errors	0 points

Part V: SOAP Documentation – 100 points

Patient Name: Anissa Luna

PCP: Bradley Rotts, M.D.

Date of Birth: 04/25/1997

Date of Exam: (use yesterday's date)

Patient comes in for reevaluation of her acne. Patient also has a rash on her chest, neck and back. Mentions that she has had this for the past two months.

The patient has been taking amoxicillin 500 mg b.i.d. and Tazorac cream 0.1, and her face is doing well, but she has been out of her medicine now for three days. On examination, this is a flaring of her acne with small folliculitis lesions.

Diagnosis is acne with folliculitis.

Continue the amoxicillin 500 mg two at bedtime and Tazorac cream 0.1; it is ok to use on back and chest also, ordered Septra DS every morning, drink extra water, return in two months for follow-up evaluation of her acne.

Report transcribed today.
